Any exhibit previously submitted for consideration in any prior honey show sponsored by the host organization, with the exception of mead, is not eligible for this competition.

6. All beeswax items, unless otherwise specifically allowed herein, must be prepared from pure, unadulterated beeswax, harvested from your bees. The beeswax must be free from any additives or enhancements. The use of synthetic, artificial, or adulterated beeswax or drawn honeycomb is strictly prohibited. *Exhibits found to be containing any of the above will be disqualified.*

IV. Double Entries Prohibited

7. Each Exhibitor may make only one exhibit per category. More than one individual from a family or household may submit exhibits across different categories; however, family members and individuals from common households may not submit multiple exhibits in the same category.

8. With the exception of Extracted Honey, in instances where the exhibit may qualify for consideration in multiple categories, the Exhibitor shall have the right to choose which category to enter their exhibit; the Exhibitor's selection will not be overturned by the Judge(s); and, said exhibit will be judged based on the criteria set forth in the category selected by the Exhibitor. The Judge shall have discretion to make the final determination as to proper color designation in regard to all exhibits of Extracted Honey.

9. Double Entries are strictly prohibited. A "Double Entry" is when an exhibitor has more than one exhibit placed in a single exhibition category. As used in this rule, the term "Double" is not limited to two, but also encompasses any number greater than one. The Show Secretary shall not knowingly accept any subsequent exhibit which would create a Double Entry. Whenever a Double Entry is created by the decision of a judge in recategorizing an exhibit pursuant to the rules herein, the following procedure shall apply: Prior to the judging of any other exhibits in the affected category, the exhibits constituting the double entry shall be identified and examined by the head Judge; the head Judge shall make a determination as to which of the exhibits constituting the Double Entry is the best under the criteria listed for the affected category; the best exhibit of those comprising the Double Entry will be returned to the show bench, and the other(s) will be disqualified. Whenever a Double Entry results in the disqualification of one or more exhibits, and after the results are publicly announced or posted, it shall be the responsibility of the head judge to personally inform the affected exhibitor of the determination of the Double Entry and subsequent disqualification of the exhibit(s).

V. Security

10. Exhibits must not be marked or identifiable in any way, except as specifically provided herein. An example of identifying marks that are not allowed, but not limited to, are labels, signatures, signs, advertising, or anything that would identify the exhibitor to the judge. Certain categories will allow identifying marks if they are completely covered so that they are not visible. Please see category rules for where this exception is allowed.

11. The Show Secretary will provide each exhibitor identifying labels to be affixed to each exhibit as provided in the rules for each exhibition category. The Exhibitor shall be responsible for placing the ID labels on each exhibit as directed for each exhibition category, unless otherwise specified herein.

12. Once exhibits have been accepted into the competition by the Show Secretary, they may not be altered in any way.

13. After submitting entries to the Show Secretary, exhibitors may not enter the area where the exhibits have been placed. The Secretary, Stewards or Judges are the only persons who may enter the honey judging area.

14. Judges will enter the honey show area after the close of exhibitor acceptance. This is to ensure as close to a blind judging as possible.

VI. Food Safety

15. All food & beverage exhibits must be prepared under sanitary conditions and follow food safety guidelines. All food & beverage exhibits must be sealed and shelf-stable, or otherwise prepared and packaged in such a way to be able to withstand spoilage. Any entry that appears to be unsafe or unpalatable will not be judged and will be disqualified.

18. In regard to the requirement of uniformity, items within or comprising any single exhibit should be alike and matching in every way: jars, containers, closures, contents, composition, orientation, placement, presentation, etc., should be identical across all individual items comprising any single exhibit.

19. For all exhibits which require, or give the Exhibitor the option of using, any display case, dish, base, frame, stand, or any other exhibition aide, the same should be presented in the same clean, neat, and uniform manner so as to complement and add merit to the accompanying exhibit.

20. All weight requirements refer to the net *contents* of the exhibit. For instance, a 16-ounce jar of honey should *contain* 16 ounces of honey. This does not include the weight of the container, the lid, the label, or any other packaging.

21. For all exhibits which call for the submission of a white descriptive card or index card with the exhibit, any size card or sheet of paper from 3"x5" to 8.5"x11" will be accepted. Additionally, the Exhibitor may submit multiple cards for any exhibit as the Exhibitor sees fit. Should the Exhibitor wish to submit multiple cards, they should be secured together by staple or paper clips.

22. Allowances will be made for minor damage to cappings in entries in the comb honey categories, where such minor damage is clearly the result of previous judging in another show.

23. For all mead, beer, and other honey beverage categories, any Exhibitor may, at their discretion, submit a second bottle for chilled tasting. If the Exhibitor chooses to submit a second bottle for chilled tasting, the Exhibitor must submit two identical specimens, both suitable for judging. After the exhibit is submitted, the show secretary will randomly select one of two bottles to be placed in a cooler or refrigerated container. The show secretary will place the other bottle on the judge's bench. Both bottles submitted will be evaluated for the same criteria as a single bottle exhibit. **If the Exhibitor submits a second bottle for chilled tasting, they must note such on the descriptive card submitted with the exhibit.*

24. Copyright of any submitted recipe, artwork, literary work, or other media remains with the exhibitor, but the host organization has the unrestricted right to publish images of submitted recipes, artwork, literary work, or other media in its newsletter, on its website, and via its social media outlets, plus unrestricted rights to use the same in any related material for PR purposes.

27. Return/Disposition of Exhibits-

(a) Exhibitors who wish to retrieve their exhibits at the conclusion of the honey show must make arrangements to pick their exhibits up at the specified release time on Sunday, October 26, 2025. If an exhibitor wishes to have their exhibit(s) released to a third party or proxy, they must indicate so in writing.

(b) Exhibits and other items not retrieved by the deadline posted for pick-up, shall be deemed abandoned, and shall be donated to the Honey Show Committee for future use or disposal. The sponsoring organization, nor the Honey Show Committee, is not responsible for any items left after the pick-up deadline.

29. The honey show committee reserves the right to reject any exhibit submitted if it is objectionable in any way. For these purposes, the definition of "objectionable" includes, but is not Limited to: representations of nudity, graphic violence, profanity, obscenity, or any depictions of a sexually explicit nature. Decisions of the Presiding Judge on this issue will be final.

30. The use of AI to create or enhance an entry in any category is prohibited. An example of entries not allowed, but not limited to are ...AI generated poetry, AI generated photographs, AI electronic media, AI artwork and 3D printing. Prizes and Awards

It is the intention that ribbons will be given in all categories even if there is only one entry in the category. Entry into a category does not guarantee an award. In order to receive an award that entry must be worthy of placement. A Judge may, in his or her sole discretion, make or withhold the award of any given prize(s) or placement(s) in any category over which said Judge officiates. The decisions of the Judges are final.

Exhibitors found willfully cheating, or purposefully altering or disfiguring an entry for the purpose of influencing the validity of judging will be disqualified from the contest, as well as from any future honey shows sponsored by the association/conference for a period of not less than three (3) years.

Ribbons, Prize Cards & Sweepstakes:

Ribbons will be awarded to all First through Third place winners in each category.

There will be two Major Awards:

Appeals

After the announcement of awards, any exhibitor may meet with the category judge to discuss their entry and ask questions. An Exhibitor may appeal the Bench Judge's ruling concerning their own exhibit in instances where the Exhibitor believes the Bench Judge misinterpreted or misapplied a rule in regard to the judging of their exhibit. The Presiding Judge, after hearing both sides and examining the rules and the exhibit at issue may, as he or she deems appropriate, uphold, reverse, or amend the decision, award(s), and/or official record in such a manner as to affect the most just result available. BEVERAGES MADE WITH HONEY

PLEASE READ CAREFULLY: Exhibitors should be aware and keep in mind; this is a honey show. These beverage & culinary categories have been specifically chosen because of their ability to showcase honey as an ingredient. The influence and impact of honey on the finished product will be the first, and ultimate, factor the judges will consider when making final awards. The stronger and more pronounced the flavor and aroma of honey is in the finished product, the greater the preference that exhibit will receive from the judges. Conversely, an exhibit of otherwise exceptional quality that does not taste or smell profoundly of honey, will not be placed highly despite the presence of other exceptional qualities.

Meads

Meads are judged in four subcategories: (a) Traditional Sweet, (b) Traditional Dry, (c) Varietal Sweet, and (d) Varietal Dry. Traditional meads contain only honey, water, yeast, and no other flavoring additives. Varietal meads include melomels, pyments, cysers, metheglins, hippocras, braggots, sac meads, and dessert meads. Entrants may submit one exhibit in each of these respective subcategories. An exhibit consists of one, clear, uncolored, glass standard 750ml wine bottle. Bottles should be filled to a point precisely two (2) centimeters from the bottom of the cork. All mead must be produced from honey produced by the Exhibitor. All entries will be tasted. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the container and closure; cleanliness and clarity of the contents; correct fill level; color; clarity; lack of sediment; aroma; flavor, including maturity, body, balance, complexity, and finish; and influence of honey on the final product. *A white card with a description of the type or style of mead and the full recipe (including all ingredients and ingredient quantities) must accompany each exhibit. Appendix

Notes on Correct Fill Level:

- The correct fill level on jarred honey entries is at the top of the fill ring of the jar, without going over.
- The fill ring is the raised ridge, or ring of glass, immediately above the shoulder of the jar and below the threads. It can be distinguished from the threads in two ways:
 - a) **the fill ring forms a complete circle, without ends; and**
 - b) **the fill ring will be completely parallel with the bottom and top of the jar.**
- Liquid honey in a circular shape forms a concave surface sometimes referred to as a meniscus. For the purpose of filling jars, the edge of the meniscus should clearly be at the top of the fill ring, without going over.
