3. Each Exhibitor must sign an affidavit stating that each exhibit he or she submits was produced by the Exhibitor in conformity with the rules set forth herein.

4. Each Exhibitor must affirm the inclusion of any image, likeness, or work of any individual other than the Exhibitor, portrayed in or made part of any exhibit, was done so with the prior, informed consent of said individual, and that each exhibit is submitted with the full consent of all parties.

5. Unless specifically otherwise provided for under an individual category's rules, ALL honey, beeswax, propolis, pollen, or royal jelly exhibited, or made part of any exhibit, must be produced by the exhibitor from honeybees owned and kept by the Exhibitor. Any exhibit

previously submitted for consideration in any prior honey show sponsored by the host organization, with the exception of mead, is not eligible for this competition.

6. All beeswax items, unless otherwise specifically allowed herein, must be prepared from pure, unadulterated beeswax, free from any additives or enhancements. The use of synthetic, artificial, or adulterated beeswax or drawn honeycomb is strictly prohibited. Exhibits found to be containing any of the above will be disqualified. The preferred aroma of beeswax should include honey and/or floral notes. Other aromas, especially those associated with caramelization, smoke, burnt sugar, chemical contamination/adulteration, or other aromas uncharacteristic of that of commonly found in natural beeswax, shall be considered faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault.

IV. Double Entries Prohibited

7. Each Exhibitor may make only one exhibit per category. More than one individual from a family or household may submit exhibits across different categories; however, family members and individuals from common households may not submit multiple exhibits in the same category.

8. With the exception of Extracted Honey, in instances where the exhibit may qualify for consideration in multiple categories, the Exhibitor shall have the right to choose which category to enter their exhibit; the Exhibitor's selection will not be overturned by the Judge(s); and, said exhibit will be judged based on the criteria set forth in the category selected by the Exhibitor. The Judge shall have discretion to make the final determination as to proper color designation in regard to all exhibits of Extracted Honey.

9. Double Entries are strictly prohibited. A "Double Entry" is when an exhibitor has more than one exhibit placed in a single exhibition category. As used in this rule, the term "Double" is not limited to two, but also encompasses any number greater than one. The Show Secretary shall not knowingly accept any subsequent exhibit which would create a Double Entry. Whenever a Double Entry is created by the decision of a judge in recategorizing an exhibit pursuant to the rules herein, the following procedure shall apply: Prior to the judging of any other exhibits in the affected category, the exhibits constituting the double entry shall be identified and examined by the head Judge; the head Judge shall make a determination as to which of the exhibits constituting the Double Entry is the best under the criteria listed for the affected category; the best exhibit of those comprising the Double Entry will be returned to the show bench, and the other(s) will be disqualified. Whenever a Double Entry results in the disqualification of one or more exhibits, and after the results are publicly announced or posted, it shall be the responsibility of the head judge to personally inform the affected exhibitor of the determination of the Double Entry and subsequent disqualification of the exhibit(s).

V. Security

10. Exhibits must be unmarked or identifiable in anyway, except as provided herein.

11. The Show Secretary will provide each exhibitor identifying labels to be affixed to each exhibit as provided in the rules for each exhibition category. The Exhibitor shall be responsible for placing the ID labels on each exhibit.

12. Once exhibits have been accepted into the competition by the Show Secretary, they may not be altered in any way.

13. After submitting entries to the Show Secretary, exhibitors may not enter the area where the exhibits have been placed. The Secretary, Stewards or Judges are the only persons who may enter the honey judging area.

14. Judges will enter the honey show area after the close of exhibitor acceptance. This is to ensure as close to a blind judging as possible.

VI. Food Safety

15. All food & beverage exhibits must be prepared under sanitary conditions and follow food safety guidelines. All food & beverage exhibits must be sealed and shelf-stable, or otherwise prepared and packaged in such a way to be able to withstand spoilage. Any entry that appears to be unsafe or unpalatable will not be judged and will be disqualified.

16. Any food or beverage item made with any dairy (or other perishable) ingredient(s) or components, or any exhibit that calls for or requires refrigeration for proper storage or holding, should be transported to the honey show, and presented to the Honey Show Secretary in a cooler, insulated/temperature-stable bag, or some other temperature-controlled container. The Exhibitor MUST notify the Show Secretary of the necessity of refrigeration or cold storage for any item at the time of submission of the exhibit. Any exhibit, or component of an exhibit, that the Judge(s) deem unfit or unsafe due to a temperature-related storage or transport issue will not be judged and may be subject to disqualification.

VII. Miscellaneous

17. All exhibits submitted in categories containing the designation "Extracted Honey" are to be presented in one-pound, glass (no plastic), "Queen-line" or "Classic" style jars; any exhibits submitted in any other style of jar or container will not be accepted by the show secretary.

18. In regard to the requirement of uniformity, items within or comprising any single exhibit should be alike and matching in every way: jars, containers, closures, contents, composition, orientation, placement, presentation, etc., should be identical across all individual items comprising any single exhibit.

19. For all exhibits which require, or give the Exhibitor the option of using, any display case, dish, base, frame, stand, or any other exhibition aide, the same should be presented in the same clean, neat, and uniform manner so as to compliment and add merit to the accompanying exhibit.

20. All weight requirements refer to the net contents of the exhibit. For instance, a 16-ounce jar of honey should contain 16 ounces of honey. This does not include the weight of the container, the lid, the label, or any other packaging.

21. For all exhibits which call for the submission of a white descriptive card or index card with the exhibit, any size card or sheet of paper from 3"x5" to 8.5"x11" will be accepted.

Additionally, the Exhibitor may submit multiple cards for any exhibit as the Exhibitor sees fit.

Should the Exhibitor wish to submit multiple cards, they should be secured together by staple or paper clips.

22. Allowances will be made for minor damage to cappings in entries in the comb honey categories, where such minor damage is clearly the result of previous judging in another show.

23. For all mead, beer, and other honey beverage categories, any Exhibitor may, at their discretion, submit a second bottle for chilled tasting. If the Exhibitor chooses to submit a second bottle for chilled tasting, the Exhibitor must submit two identical specimens, both suitable for judging. After the exhibit is submitted, the show secretary will randomly select one of two bottles to be placed in a cooler or refrigerated container. The show secretary will place the other bottle on the judge's bench. Both bottles submitted will be evaluated for the same criteria as a single bottle exhibit. *If the Exhibitor submits a second bottle for chilled tasting, they must note such on the descriptive card submitted with the exhibit.

24. Copyright of any submitted recipe, artwork, literary work, or other media remains with the exhibitor, but the host organization has the unrestricted right to publish images of submitted recipes, artwork, literary work, or other media in its newsletter, on its website, and via its social media outlets, plus unrestricted rights to use the same in any related material for PR purposes.

25. Where the submission of a "recipe" is required, that term includes the complete list of ingredients, quantities thereof, and the procedure used to combine and prepare the exhibit.

26. The Presiding Judge may, based on the number of exhibits submitted, combine one or more categories into a single category, or divide a single category into one or more subcategories.

27. Return/Disposition of Exhibits- Exhibitors who wish to retrieve their exhibits at the conclusion of the honey show must make arrangements to pick their exhibits up at the specified release time on Saturday, October 11th, between 2:00 PM and 4:00 PM. If an exhibitor wishes to have their exhibit(s) released to a third party or proxy, they must indicate so in writing. Exhibits and other items not retrieved by the deadline posted for pick-up, shall be deemed abandoned, and shall be donated to the Honey Show Committee for future use or disposal. The sponsoring organization, nor the Honey Show Committee, is not responsible for any items left after the pick-up deadline.

28. The honey show committee reserves the right to reject any exhibit submitted if it is objectionable in any way. For these purposes, the definition of "objectionable" includes, but is not limited to: representations of nudity, graphic violence, profanity, obscenity, or any depictions of a sexually explicit nature. Decisions of the Presiding Judge on this issue will be final.

29. The use of AI to create or enhance an entry in any category is prohibited. An example of entries not

allowed, but not limited to are ...AI generated poetry, AI generated photographs, AI electronic media, AI artwork and 3D printing. It is our intent to showcase beekeepers' talents, creativity, and originality in the culture of beekeeping.

JUDGING & AWARDS:

It is the intention that awards will be given in all categories even if there is only one exhibit in the category. However, in order to receive an award that exhibit must be worthy of placement. Exhibit into a category does not guarantee an award. A Judge may, in his or her sole discretion, make or withhold the award of any given prize(s) or placement(s) in any category over which said Judge officiates.

All exhibits shall be judged by individuals who are trained and certified Honey Judges. The Presiding Judge shall have final say in any matter pertaining to the contest if called upon, and shall have the authority to exclude or disqualify any exhibit(s) for good cause. The Judge(s) shall have the final say in regard to the evaluation of any and all exhibits. The decisions of the Judge(s) are final. After the announcement of awards, any exhibitor may meet with the category judge to discuss their exhibit and ask questions.

Exhibitors found willfully cheating, or purposefully altering or disfiguring an exhibit for the purpose of influencing the validity of judging will be disqualified from the contest, as well as from any future honey shows sponsored by this organization, permanently.

PRIZE POINTS & SWEEPSTAKES AWARDS:

Prize points will be awarded to all First through Sixth place winners in all categories as follows: First Place = 6 points; Second Place = 5 points; Third Place = 4 points; Very Highly Commendable = 3 points; Highly Commendable = 2 points; and Commendable = 1 point.

APPEALS:

An Exhibitor may appeal the Bench Judge's ruling concerning their own exhibit in instances where the Exhibitor believes the Bench Judge misinterpreted or misapplied a rule in regard to the judging of their exhibit. The Exhibitor must first present their protest to the Bench Judge who judged their exhibit, and calmly and clearly state the basis for their protest. The Bench Judge, together with the Exhibitor, will then bring the protest to the Presiding Judge. After hearing both sides and examining the rules and the exhibit at issue, if the Bench Judge concedes an error, or if the Presiding Judge decides in favor of the Exhibitor, the Presiding judge may amend the decision, award(s), and/or official record in such a manner as to affect the most just result available. If, after hearing both sides and examining the rules and the exhibit at issue, the Presiding Judge decides the Bench Judge's original decision was correct, the Presiding Judge should uphold the Bench Judge's original decision. The decision of the Presiding Judge is final.

An exhibit consists of one (1) beeswax item, weighing no less than one (1) ounce and no more than sixteen (16) ounces. Beeswax wax should be of a vibrant, natural beeswax color, and should have a pleasant, natural beeswax fragrance. The beeswax should be clean, and free of impurities. The block or bar should be smooth-surfaced, and free of blemishes. H4 Creamed Honey

Creamed honey exhibits may be either all natural or flavored. Creamed or Soft Set honey is honey that has been subjected to a manual or mechanical process to assist and control the otherwise natural process of granulation. An entry of creamed honey is three (3) identical wide-mouth jars, no less than eight ounces (8oz.), nor more than sixteen ounces (16oz.) in net weight. Creamed honey must be displayed in identical, clear, straight-sided, glass jars with one-

The chunk of comb must be in one piece, of uniform thickness, with a straight mid rib. Virgin comb with this year's wax is preferred. All foundation should be unwired, thin surplus. The cuts should be clean and uniform. The chunk comb should be cut and sized to appropriately fit the container. The honey should fill the rest of the jar to the correct fill line. The comb should be oriented in the container as found naturally in the hive. Comb with watery cappings should be avoided. The comb should extend the length of the jar. The chunk of comb should account for at least fifty percent (50%) of the internal volume of the jar. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the entry; cleanliness and clarity of the honey; absence of pollen, brood, uncapped cells, "wet" or "watery" cappings, or travel stains on the cappings; freedom from granulation; moisture content (only if needed); and aroma and flavor (for off aromas or flavors).

An entry consists of not less than two ounces, nor more than four ounces, of pure, unadulterated honey. The required jar will be provided to the Exhibitor by the Show Secretary at the sign-in table. BEVERAGES & CULINARY ITEMS MADE WITH HONEY

PLEASE READ CAREFULLY: Exhibitors should be aware and keep in mind; this is a HONEY show. These beverage & culinary categories have been specifically chosen because of their ability to showcase honey as an ingredient. The influence and impact of honey on the finished product will be the first, and ultimate, factor the judges will consider when making final awards. The stronger and more pronounced the flavor and aroma of honey is in the finished product, the greater the preference that exhibit will receive from the judges. Conversely, an exhibit of otherwise exceptional quality that does not taste or smell profoundly of honey, will not be placed highly despite the presence of other exceptional qualities.

B1-B2 Mead

Mead is judged in two subcategories: Sweet or Dry. Entrants may submit one exhibit in each of these two subcategories. The Exhibitor may submit one example of a mead prepared by the Exhibitor. An exhibit consists of one, clear, uncolored, glass standard 750 ml wine bottle. Punt bottles are acceptable as long as they are standard pattern wine bottles. APPENDIX

**The correct jars for extracted honey entries.*

***Notes on correct fill level:**

- The correct fill level on a "Queen-line" or "Classic" style honey jar is at the fill ring of the jar. The fill ring is the raised ridge or ring of glass immediately above the shoulder of the jar, and below the threads. It can be distinguished from the threads in two ways: a) the fill ring forms a complete circle, without ends; and b) the fill ring will be completely parallel with the bottom and top of the jar. There should be enough honey in the jar to clearly touch the fill ring, without going over.
- Liquid honey in a circular shape forms a concave surface sometimes referred to as a meniscus. For purposes of filling jars, the edge of the meniscus should clearly touch the fill ring, without going over.
- When the lid is properly closed on the jar, there should be no visible light beneath the bottom of the lid and the surface of the honey.
- A jar of honey being over-filled is preferable to one being under filled.
