## GENERAL RULES

### I. ELLIGIBILITY

1. (i) The honey show is open to ...specify... who wishes to enter one or more exhibits, except as otherwise specifically provided for herein.

(ii) The honey show is open to anyone who is both a current ...club name... member and a paid attendee of the ...club name... Conference.

(iii) Exhibits may be submitted on behalf of qualified individuals either in person, or by third parties, or by proxy.

\*(iv) The honey show is NOT open to individuals serving as judges, stewards, or show secretaries, nor to individuals who are immediate family members of those individuals serving as judges, stewards, or show secretaries. "Immediate Family Member" is defined as individuals who are spouses, siblings, parents, children, grandparents, grandchildren, aunts, uncles, nieces, nephews, first cousins, parents of common children, step-parents, step-children, or any individuals residing in the same residence. *\*Must choose either this or the following, NOT BOTH.*

\*(v) The honey show is also open to individuals serving as judges, stewards, or show secretaries; however, no individual serving as a judge, steward, or show secretary may participate in the judging of any exhibit(s) in any category in which they have submitted an exhibit for consideration. *\*Must choose either this or the prior, NOT BOTH.*

### II. Turn-in / Submission Period(s) & Deadline

2. Entries must be received and between \_\_\_\_ AM to \_\_\_\_ AM/PM on \_\_\_\_\_, 20\_\_\_\_, and between \_\_\_\_ AM to \_\_\_\_ AM/PM on \_\_\_\_\_, 20\_\_\_\_, at Room \_\_\_\_\_ of ...building/facility in ...city, state... **No entries will be accepted after this deadline.**

### III. Exhibitor Declarations & Affirmations

3. Each Exhibitor must sign an affidavit stating that each exhibit he or she submits was produced by the Exhibitor in conformity with the rules set forth herein.

4. Each Exhibitor must affirm the inclusion of any image, likeness, or work of any individual other than the Exhibitor, portrayed in or made part of any exhibit, was done so with the prior, informed consent of said individual, and that each exhibit is submitted with the full consent of all parties.

5. Unless specifically otherwise provided for under an individual category's rules, ALL honey, beeswax, propolis, pollen, or royal jelly exhibited, or made part of any exhibit, must be produced by the exhibitor from honeybees owned and kept by the Exhibitor. Any exhibit previously submitted for consideration in any prior honey show sponsored by the host organization, with the exception of mead, is not eligible for this competition.

6. All beeswax items, unless otherwise specifically allowed herein, must be prepared from pure, unadulterated beeswax, free from any additives or enhancements. The use of synthetic, artificial, or adulterated beeswax or drawn honeycomb is strictly prohibited. *Exhibits found to be containing any of the above will be disqualified.*

#### **IV. Double Entries Prohibited**

7. Each Exhibitor may make only one exhibit per class. More than one individual from a family or household may submit exhibits across different categories; however, family members and individuals from common households may not submit multiple exhibits in the same category.

8. With the exception of Extracted Honey, in instances where the exhibit may qualify for consideration in multiple classes, the Exhibitor shall have the right to choose which class to enter their exhibit; the Exhibitor's selection will not be overturned by the Judge(s); and, said exhibit will be judged based on the criteria set forth in the class selected by the Exhibitor. The Judge shall have discretion to make the final determination as to proper color designation in regard to all exhibits of Extracted Honey.

9. Double Entries are strictly prohibited. A "Double Entry" is when an exhibitor has more than one exhibit placed in a single exhibition class. As used in this rule, the term "Double" is not limited to two, but also encompasses any number greater than one. The Show Secretary shall not knowingly accept any subsequent exhibit which would create a Double Entry. Whenever a Double Entry is created by the decision of a judge in reclassifying an exhibit pursuant to the rules herein, the following procedure shall apply: Prior to the judging of any other exhibits in the affected class, the exhibits constituting the double entry shall be identified and examined by the head Judge; the head Judge shall make a determination as to which of the exhibits constituting the Double Entry is the best under the criteria listed for the affected class; the best exhibit of those comprising the Double Entry will be returned to the show bench, and the other(s) will be disqualified. Whenever a Double Entry results in the disqualification of one or more exhibits, and after the results are publicly announced or posted, it shall be the responsibility of the head judge to personally inform the affected exhibitor of the determination of the Double Entry and subsequent disqualification of the exhibit(s).

#### **V. Security**

10. Exhibits must be unmarked or identifiable in anyway, except as provided herein.

11. The Show Secretary will provide each exhibitor identifying labels to be affixed to each exhibit as provided in the rules for each exhibition class. The Exhibitor shall be responsible for placing the ID labels on each exhibit as directed for each exhibition class, unless otherwise specified herein.

12. Once exhibits have been accepted into the competition by the Show Secretary, they may not be altered in any way.

13. After submitting entries to the Show Secretary, exhibitors may not enter the area where the exhibits have been placed. The Secretary, Stewards or Judges are the only persons who may enter the honey judging area.

14. Judges will enter the honey show area after the close of exhibitor acceptance. This is to ensure as close to a blind judging as possible.

## **VI. Food Safety**

15. All food & beverage exhibits must be prepared under sanitary conditions and follow food safety guidelines. All food & beverage exhibits must be sealed and shelf-stable, or otherwise prepared and packaged in such a way to be able to withstand spoilage. Any entry that appears to be unsafe or unpalatable will not be judged and will be disqualified.

16. Any food or beverage item made with any dairy (or other perishable) ingredient(s) or components, or any exhibit that calls for or requires refrigeration for proper storage or holding, should be transported to the honey show, and presented to the Honey Show Secretary in a cooler, insulated/temperature-stable bag, or some other temperature-controlled container. The Exhibitor **MUST** notify the Show Secretary of the necessity of refrigeration or cold storage for any item at the time of submission of the exhibit. Any exhibit, or component of an exhibit, that the Judge(s) deem unfit or unsafe due to a temperature-related storage or transport issue will not be judged and may be subject to disqualification.

## **VII. Miscellaneous**

17. All exhibits submitted in classes containing the designation "Extracted Honey" are to be presented in one-pound, glass (no plastic), "Queen-line" or "Classic" style jars; any exhibits submitted in any other style of jar or container will not be accepted by the show secretary.

18. In regard to the requirement of uniformity, items within or comprising any single exhibit should be alike and matching in every way: jars, containers, closures, contents, composition, orientation, placement, presentation, etc., should be identical across all individual items comprising any single exhibit.

19. For all exhibits which require, or give the Exhibitor the option of using, any display case, dish, base, frame, stand, or any other exhibition aide, the same should be presented in the same clean, neat, and uniform manner so as to compliment and add merit to the accompanying exhibit.

20. All weight requirements refer to the net *contents* of the exhibit. For instance, a 16 ounce jar of honey should *contain* 16 ounces of honey. This does not include the weight of the container, the lid, the label, or any other packaging.

21. For all exhibits which call for the submission of a white descriptive card or index card with the exhibit, any size card or sheet of paper from 3"x5" to 8.5"x11" will be accepted. Additionally, the Exhibitor may submit multiple cards for any exhibit as the Exhibitor sees fit. Should the Exhibitor wish to submit multiple cards, they should be secured together by staple or paper clips.

22. Allowances will be made for minor damage to cappings in entries in the comb honey categories, where such minor damage is clearly the result of previous judging in another show.

23. For all mead, beer, and other honey beverage categories, any Exhibitor may, at their discretion, submit a second bottle for chilled tasting. If the Exhibitor chooses to submit a second bottle for chilled tasting, the Exhibitor must submit two identical specimens, both suitable for judging. After the exhibit is submitted, the show secretary will randomly select one of two bottles to be placed in a cooler or refrigerated container. The show secretary will place the other bottle on the judge's bench. Both bottles submitted will be evaluated for the same criteria as a single bottle exhibit. *\*If the Exhibitor submits a second bottle for chilled tasting, they must note such on the descriptive card submitted with the exhibit.*

24. Copyright of any submitted recipe, artwork, literary work, or other media remains with the exhibitor, but the host organization has the unrestricted right to publish images of submitted recipes, artwork, literary work, or other media in its newsletter, on its website, and via its social media outlets, plus unrestricted rights to use the same in any related material for PR purposes.

25. Where the submission of a "recipe" is required, that term includes the complete list of ingredients, quantities thereof, and the procedure used to combine and prepare the exhibit.

26. The Presiding Judge may, based on the number of exhibits submitted, combine one or more classes into a single class, or divide a single class into one or more subclasses.

27. Return/Disposition of Exhibits-

(a) Exhibitors who wish to retrieve their exhibits at the conclusion of the honey show must make arrangements to pick their exhibits up at the specified release time on ... **release date** ... If an exhibitor wishes to have their exhibit(s) released to a third party or proxy, they must indicate so in writing.

(b) Exhibitors who wish to have their exhibits returned via USPS mail must clearly indicate so on their entry form, AND provide such packaging and packing material(s) as appropriate and adequate to ship their exhibit(s) to the Show Secretary upon submission of said exhibits. Return packaging must include BOTH a self-addressed shipping label AND sufficient pre-paid postage to accommodate the packaged exhibits. Neither the host organization nor any member(s) of the Honey Show Committee shall be responsible for any damage to any exhibit(s) incurred pursuant to return shipping.

(c) Exhibits and other items not retrieved by the deadline posted for pick-up, shall be deemed abandoned, and shall be donated to the Honey Show Committee for future use or disposal. The sponsoring organization, nor the Honey Show Committee, is not responsible for any items left after the pick-up deadline.

28. The honey show committee reserves the right to reject any exhibit submitted if it is objectionable in any way. For these purposes, the definition of "objectionable" includes, but is not Limited to: representations of nudity, graphic violence, profanity, obscenity, or any depictions of a sexually explicit nature. Decisions of the Presiding Judge on this issue will be final.

## **Prizes and Awards**

It is the intention that ribbons will be given in all classes even if there is only one entry in the class. Entry into a class does not guarantee an award. In order to receive an award that entry must be worthy of placement. A Judge may, in his or her sole discretion, make or withhold the award of any given prize(s) or placement(s) in any class over which said Judge officiates. The decisions of the Judges are final.

Exhibitors found willfully cheating, or purposefully altering or disfiguring an entry for the purpose of influencing the validity of judging will be disqualified from the contest, as well as from any future honey shows sponsored by the association/conference for a period of not less than three (3) years.

## **Ribbons, Prize Cards & Sweepstakes:**

Ribbons will be awarded to all First through Sixth place winners in each class, and to all Major Division winners as follows:

- Major Awards:
- Supreme Champion
- Reserve Champion
- Best in Show
- Best in Extracted Honey
- Best in Comb Honey
- Best in Beeswax
- Best Beverage Made with Honey
- Best Culinary Item Made with Honey
- Best Artisan Item Related to Beekeeping

## **Prize Points & Sweepstakes**

Prize points will be awarded to all First through Sixth place winners in all classes as follows: First Place = 6 points; Second Place = 5 points; Third Place = 4 points; Very Highly Commendable = 3 points; Highly Commendable = 2 points; and Commendable = 1 point. These points will be used to calculate the winner of the Supreme Champion and Reserve Champion awards. Supreme Champion will be awarded to the exhibitor who earns the highest number of prize points across all categories. Reserve Champion will be awarded to the exhibitor who earns the second highest number of prize points across all categories.

Prize cards for participants in the AHSTC Honey Judging Program will be provided electronically (via email) upon request.

## **Cash Prizes will be awarded as follows:**

- In each class, First Place \$\_\_\_\_, Second Place \$\_\_\_\_, Third Place \$\_\_\_\_
- Major Awards:
- Supreme Champion
- Reserve Champion
- Best in Show
- Best in Extracted Honey
- Best in Comb Honey
- Best in Beeswax
- Best Beverage Made with Honey
- Best Culinary Item Made with Honey

- Best Artisan Item Related to Beekeeping

### **Appeals**

After the announcement of awards, any exhibitor may meet with the class judge to discuss their entry and ask questions. An Exhibitor may appeal the Bench Judge's ruling concerning their own exhibit in instances where the Exhibitor believes the Bench Judge misinterpreted or misapplied a rule in regard to the judging of their exhibit. The Presiding Judge, after hearing both sides and examining the rules and the exhibit at issue may, as he or she deems appropriate, uphold, reverse, or amend the decision, award(s), and/or official record in such a manner as to effect the most just result available. The decision of the Presiding Judge is final.

## **RULES FOR INDIVIDUAL CLASSES:**

### **EXTRACTED & COMB HONEY**

#### **Extracted Honey**

Extracted honey is judged in three subclasses: (a) light, (b) medium or amber, and (c) dark. Exhibitors may submit one exhibit in each of these three subclasses. One exhibit of extracted honey is defined as three (3) identical one-pound jars, as specified in rule #17 under the General Rules of the Honey Show. Closures may be of metal or plastic. Tamper-proof seals are strictly prohibited; any exhibits submitted with any tamper-proof seal(s) will be severely penalized. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the exhibit; cleanliness and clarity of the honey; moisture content (only if needed); and aroma and flavor (for off aromas or flavors). \*See Appendix hereafter for notes on correct jars and fill level.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar.

#### **Novice Extracted Honey**

This class is open only to exhibitors who have never won a First prize in any extracted honey category at any prior honey show. An exhibit consists of one (1) one-pound jar of extracted honey, as specified in rule #17 under the General Rules of the Honey Show. Closures may be of metal or plastic. Tamper-proof seals are strictly prohibited; any exhibits submitted with any tamper-proof seal(s) will be severely penalized. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the exhibit; cleanliness and clarity of the honey; moisture content (only if needed); and aroma and flavor (for off aromas or flavors). \*See Appendix hereafter for notes on correct jars and fill level.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the exhibit. The label should be affixed at the front, bottom, center of the jar, approximately ½ inch from the bottom of the jar.

#### **Varietal Extracted Honey**

Varietal extracted honey is judged in the following subclasses: (a) sourwood, (b) tupelo, (c) tulip poplar, (d) basswood, (e) black locust, (f) gallberry, and (g) buckwheat. Exhibitors may submit one exhibit in each of these different subclasses. An exhibit consists of three (3) identical one-pound jars of extracted, varietal honey, as specified in rule #17 under the General Rules of the Honey Show. Except as provided herein, judging criteria is the same as that for Extracted Honey. Only floral varieties native to, or commonly found within, the State of **...Insert State Name...** are eligible for consideration. Entries will be evaluated on the strength of characteristic(s), including aroma, flavor, and color profile(s) typically associated with the given variety of honey. For example, is a given exhibit of “tupelo” honey strongly representative of what pure tupelo honey should taste like, or are there indications of the presence of other floral sources in the exhibit as well? Preference is given to the best representative of each respective varietal. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the exhibit; cleanliness and clarity of the honey; moisture content (only if needed); and aroma and flavor (for off aromas or flavors). \*A white index card with a description of the variety, or predominant floral source, of the honey must accompany each exhibit.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar. An ID label should also be affixed to the white card accompanying the exhibit.

### **Infused Extracted Honey**

Infused extracted honey is judged in two subclasses: (a) non-spicy, and (b) spicy. Exhibitors may submit one exhibit in each of these two subclasses. An exhibit consists of three (3) identical one-pound jars, as specified in rule #17 under the General Rules of the Honey Show, of extracted honey which has been infused with one or more added flavors and/or aromas. The judging criteria for this class is the same as that for H1 (Extracted Honey), with the exception that the use of infusing agents is permitted. The infusing agent(s) should be removed from the honey, and the honey should be free of all visible inclusions and debris. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; cleanliness and clarity of the honey; moisture content (only if needed); aroma; flavor; potency; balance; and finish. \*A white index card with a description of the flavoring(s) added to the honey must accompany each exhibit. \*See Appendix hereafter for notes on correct jars and fill level.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the exhibit. The label should be affixed at the front, bottom, center of the jar, approximately ½ inch from the bottom of the jar. An ID label should also be affixed to the white card accompanying the exhibit.

### **Creamed Honey (soft set)**

Creamed Honey is judged in two subclasses: (a) natural, and (b) flavored. Exhibitors may submit one exhibit in each of these two classes. Creamed or Soft Set honey is honey that has been subjected to a manual or mechanical process to assist and control the otherwise natural process of granulation. An entry of creamed honey is three (3) identical wide-mouth jars, no less than eight ounces (8oz.), nor more than sixteen ounces (16oz.) in net weight. Creamed honey must be displayed in identical, clear, straight-sided, glass jars with one-piece lids. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; cleanliness and purity of the honey; uniformity of product within the jar; fineness of crystals; appropriate set or firmness (should be spreadable but not runny); freedom from foam, frosting, or visible moisture; freedom from added flavors, striation, or colors; uniformity of the jars that comprise the exhibit; aroma and flavor (for off aromas or flavors); and moisture content (only if in question).

The exhibitor must submit a white card describing the process and procedure (including all steps and equipment) employed to produce their creamed honey.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar. An ID label should also be affixed to the white card accompanying the exhibit.

### **Naturally Granulated Honey (firm set)**

Naturally granulated honey is honey which has been allowed to granulate in the jar without the aid of any manual or mechanical assistance or influence from the exhibitor. An entry of Naturally Granulated honey is three (3) identical wide-mouth jars, no less than eight ounces (8oz.), nor more than sixteen ounces (16oz.) in net weight. Naturally Granulated honey must be displayed in identical, clear, straight-sided, glass jars with one-piece lids. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level;

cleanliness and purity of the honey; uniformity of product within the jar; fineness of crystals; appropriate set or firmness (should be spreadable but not runny); freedom from foam, frosting, or visible moisture; freedom from added flavors, striation, or colors; uniformity of the jars that comprise the exhibit; aroma and flavor (for off aromas or flavors); and moisture content (only if in question).

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar.

### **Chunk Comb Honey**

One entry of chunk honey is three (3) identical one-pound jars. Chunk honey must be displayed in straight sided, uncolored, glass, wide mouth, jars. The glass should not be embossed. Such jars are available from many commercial beekeeping suppliers. Only one chunk of comb should be in each jar for competition. The chunk of comb must be in one piece, of uniform thickness, and with a straight mid rib. Virgin comb with this year's wax is preferred. All foundation should be unwired, thin surplus. The cuts should be clean and uniform. The chunk comb should be cut and sized to appropriately fit the container. The honey should fill the rest of the jar to the correct fill line. The comb should be oriented in the container as found naturally in the hive. Comb with watery cappings should be avoided. The comb should extend the length of the jar. The chunk of comb should account for at least fifty percent (50%) of the internal volume of the jar. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the entry; cleanliness and clarity of the honey; absence of pollen, brood, uncapped cells, "wet" or "watery" cappings, or travel stains on the cappings; freedom from granulation; absence of floating wax debris in, or on the surface of, the honey; moisture content (only if needed); and aroma and flavor (for off aromas or flavors).

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar.

### **Cut Comb Honey**

An exhibit of cut comb honey is three (3) identical boxes. The boxes must be transparent on all sides made for displaying cut comb. Each box of cut comb should weigh a minimum of twelve (12) ounces. The chunk of comb must be in one piece, with a straight mid rib and of uniform thickness. Virgin comb with this year's wax is preferred. All foundation should be unwired, thin surplus. The cuts should be clean and uniform. There should be no leaking of honey from comb into the box. Judges evaluate entries on the following: confirmation with the criteria set forth herein; uniformity of the items that comprise the entry; uniformity of appearance and color (including the honey in the comb); cleanliness of the container; completeness of cappings; cleanliness and clarity of the honey; absence of pollen, brood, uncapped cells, "wet" or "watery" cappings, or travel stains on the cappings; freedom from granulation, pollen, and brood; moisture content (only if needed); and aroma and flavor (for off aromas or flavors).

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the containers comprising the exhibit. The labels should be affixed at the front, bottom, center of each container.

### **Section Comb Honey**

An exhibit of section comb honey is three (3) identical sections. Ross rounds and square section entries must be displayed in the original square or circular section. Sections must be in the containers

made for the display of their respective style of section comb honey. The main display panel of the containers may not be obscured or obstructed in any way. One or more of the container(s) may be opened to facilitate the Judge's evaluation of the exhibit. There should be no leaking of honey from comb into the box. Judges evaluate entries on the following: confirmation with the criteria set forth herein; uniformity of the items that comprise the entry; uniformity of appearance and color (including the honey in the comb); cleanliness of the container; completeness of capping; cleanliness and clarity of the honey; absence of pollen, brood, uncapped cells, "wet" or "watery" cappings, or travel stains on the cappings; freedom from granulation, pollen, and brood; moisture content (only if needed); and aroma and flavor (for off aromas or flavors).

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the containers comprising the exhibit. The labels should be affixed at the front, bottom, center of each container.

### **Full Frame Comb Honey**

Full frame comb honey is judged in two subclasses: (a) deep frames, and (b) shallow or medium frames. Exhibitors may submit one exhibit in each of these two subclasses. An exhibit of full frame comb honey is one (1) standard Langstroth style frame of capped honey. The use of plastic foundation is prohibited; exhibits with comb drawn on plastic foundation will be severely penalized. Frames must be shown in protective casing without lacing or edging and both sides of the comb should be visible. There should be no leaking of honey from comb into the case. The frame must be easily accessible for judging. Judges evaluate entries on the following: confirmation with the criteria set forth herein; completeness of capping; uniformity of appearance and color (including the honey in the comb); cleanliness of the comb and frame; absence of uncapped cells, "wet" or "watery" cappings, or travel stains on the cappings; freedom from granulation, pollen, and brood; cleanliness of the exposed portions of the frame, including freedom from propolis and bur comb; moisture content (only if needed); and aroma and flavor (for off aromas or flavors). Total weight of the exhibit may be used as a tiebreaker.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the top bar, middle of the frame and on the right hand corner of the window uppermost of the display case containing the exhibit.

### **Top Bar Frame Comb Honey**

An exhibit of full frame comb honey is one (1) frame of capped honey suspended from a single top bar-style frame. The use of plastic foundation is prohibited; exhibits with comb drawn on plastic foundation will be severely penalized. Frames must be shown in protective casing without lacing or edging and both sides of the comb should be visible. There should be no leaking of honey from comb into the case. The frame must be easily accessible for judging. Judges evaluate entries on the following: confirmation with the criteria set forth herein; completeness of capping; uniformity of appearance and color (including the honey in the comb); cleanliness of the comb and frame; absence of uncapped cells, "wet" or "watery" cappings, or travel stains on the cappings; freedom from granulation, pollen, and brood; cleanliness of the exposed portions of the frame, including freedom from propolis and bur comb; moisture content (only if needed); and aroma and flavor (for off aromas or flavors). Total weight of the exhibit may be used as a tiebreaker.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the top bar, middle of the frame and on the right-hand corner of the window uppermost display case containing the exhibit.

### **Free Form Comb Honey**

An exhibit of cut comb honey is three (3) identical containers of comb honey in any style or format not encompassed in another category in this honey show. Each container should weigh a minimum of eight (8) ounces. Judges evaluate entries on the following: confirmation with the criteria set forth herein; uniformity of the items that comprise the entry; uniformity of appearance and color (including the honey in the comb); cleanliness of the container and lid; completeness of cappings; cleanliness and clarity of the honey; absence of pollen, brood, uncapped cells, “wet” or “watery” cappings, or travel stains on the cappings; freedom from granulation, pollen, and brood; moisture content (only if needed); and aroma and flavor (for off aromas or flavors).

The Exhibitor shall place ID one label, as provided by the honey show Secretary, on each of the containers comprising the exhibit. The labels should be affixed at the front, bottom, center of each container.

### **Novice Comb honey**

This class is open only to exhibitors who have never won a first prize in any comb honey category at any prior honey show. ## BEVERAGES MADE WITH HONEY

**PLEASE READ CAREFULLY:** Exhibitors should be aware and keep in mind, this is a honey show. These beverage & culinary categories have been specifically chosen because of their ability to showcase honey as an ingredient. The influence and impact of honey on the finished product will be the first, and ultimate, factor the judges will consider when making final awards. The stronger and more pronounced the flavor and aroma of honey is in the finished product, the greater the preference that exhibit will receive from the judges. Conversely, an exhibit of otherwise exceptional quality that does not taste or smell profoundly of honey, will not be placed highly despite the presence of other exceptional qualities.

### **Meads**

Meads are judged in four subclasses: (a) Traditional Sweet, (b) Traditional Dry, (c) Varietal Sweet, and (d) Varietal Dry. Traditional meads contain only honey, water, yeast, and no other flavoring additives. Varietal meads include melomels, pymets, cysers, metheglins, hippocras, braggots, sac meads, and desert meads. Entrants may submit one exhibit in each of these respective subclasses. An exhibit consists of one, clear, uncolored, glass standard 750ml wine bottle. Punt bottles are acceptable as long as they are standard pattern wine bottles. Tee, tasting, or mushroom-style corks are acceptable closures; traditional, inserted corks will not be accepted by the Show Secretary. Bottles should be filled to a point precisely two (2) centimeters from the bottom of the cork. All mead must be produced from honey produced by the Exhibitor. All entries will be tasted. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the container and closure; cleanliness and clarity of the contents; correct fill level; color; clarity; lack of sediment; aroma; flavor, including maturity, body, balance, complexity, and finish; and influence of honey on the final product. \*A white index card with a description of the type or style of mead and the full recipe (including all ingredients) must accompany each exhibit. The Exhibitor should also note on the white card if they have submitted a second bottle for chilled tasting.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the front, bottom, center of the bottle, ½ inch from the bottom of the bottle. Additionally, the Exhibitor shall place one ID label, as provided by the honey show Secretary, on the white card accompanying the exhibit. \*In the event an Exhibitor elects to submit a second bottle to be chilled for tasting, the Show Secretary will affix an additional identifying label around the neck of the bottle to be chilled.

*\*The correct jars for extracted honey entries.*

### CLASSIC

### QUEENLINE

#### **\*Notes on correct fill level:**

- The correct fill level on a “Queen-line” or “Classic” style honey jar is at the fill ring of the jar. The fill ring is the raised ridge or ring of glass immediately above the shoulder of the jar, and below the threads. It can be distinguished from the threads in two ways: a) the fill ring forms a complete circle, without ends; and b) the fill ring will be completely parallel with the bottom and top of the jar. There should be enough honey in the jar to clearly touch the fill ring, without going over.
- Liquid honey in a circular shape forms a concave surface sometimes referred to as a meniscus. For purposes of filling jars, the edge of the meniscus should clearly touch the fill ring, without going over.
- When the lid is properly closed on the jar, there should be no visible light beneath the bottom of the lid and the surface of the honey.
- A jar of honey being over-filled is preferable to one being under filled.
